

Tulip Academy Weekly News

In Oak Class this term in life skills we are focusing on making fairy cakes.

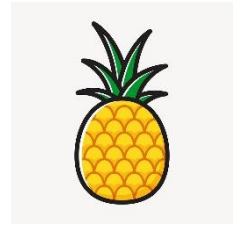

On Tuesday we went to Lidl, where we used shopping lists and worked hard to locate where the food items were. This week David paid for the food and took great care to check his change and collect his receipt. The students worked as a team to place the items into shopping bags.

When we return to school we spend the lesson carefully weighing out our ingredients.

Finally, in the afternoon we followed instructions to prepare and cook our cakes aiming to work as independently as possible. All of The Oak Class worked brilliantly and produced some fantastic results!

In English and Communication lessons, Pineapples Class have been enjoying our story of Superworm. The pupils have followed instructions to act out parts of the story, using our very own Superworm to explore just how versatile he can be. Pupils enjoyed being lassoed off the road, skipping with Superworm and searching for treasure. Some of the pupils particularly enjoyed playing the role of 'Wizard Lizard', waving his magic flower to make them the powerful boss! However, Superworm dug deep and in the end was saved by all his garden friends! 'Hip hip hooray for Superworm!' 🐛

In Maths and Cognition, Pineapples Class have been identifying numbers in an array of number activities. There have been number hunts, ordering competitions and even some interactive computer games.

In PSHE learning this term, pupils are exploring similarities and differences between themselves and others. So far, we have investigated these, using mirrors, magnifying glasses, puppets, dressing up items and photographs. We even ventured around school to take a string of selfies this week - any excuse for a selfie!
