

Class News: Friday 29th November 2024

Ash Class: This term Ash 🌳 Class are learning all about different types of celebrations 🎉

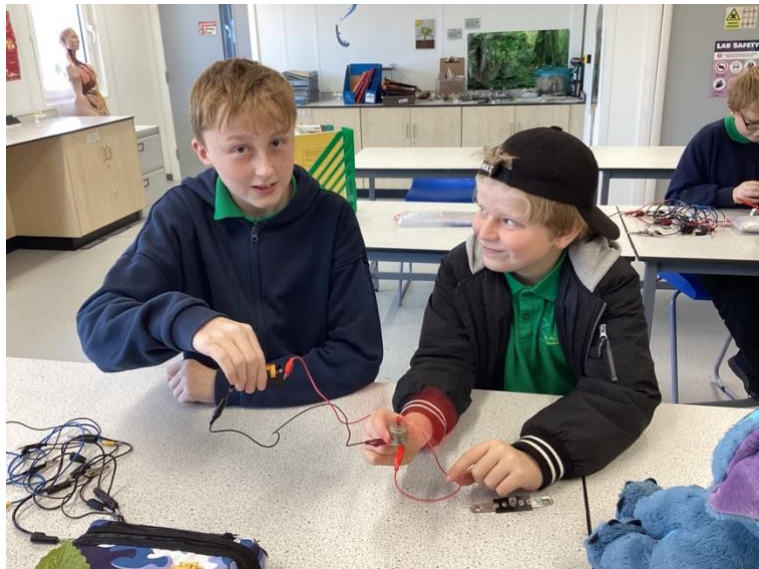

So far this week we have been looking at light💡 and dark 😬 and day 🌞 and night 🌙 in STEM and looked at routines we do in the day and at night. In Expressive Arts we have been exploring loud and quiet 🗣️.

Last term ASH Class went to the fair we enjoyed all of the rides, spending time with our friends and eating candy floss🍡.

Rowan Class: Rowan class have had a busy few weeks! We enjoyed carving pumpkins making them into scary faces before having a spooky forest photo. In Science Rowan class have been looking at electricity and exploring what makes a circuit work, enjoying the motor fan the most! Our English this term has been looking at poetry, reading the Dr Seuss book 'Oh the places you'll go'. We have been looking at rhyming words and the

poems' themes. The poem talks about how the 'Bang up and hang ups of life can happen' and as a class we have been looking at how to work towards our goals and the positive choices we can make when we encounter a problem. Rowan Class have also enjoyed a variety of different sports this term in PE with table tennis being a firm favourite. This week we enjoyed a trip to the cinema to see 'The Super Mario Brothers' movie, everyone in Rowan class represented the school incredibly well and should be very proud of themselves. What a fantastic term!

Willow Class: Willow class have had a very busy couple of weeks! 🌳
In English, we have been learning about different figurative language techniques used in poems and then have practised reading poetry aloud. This was a great chance to show lots of expression! 🗣️
In cookery, we've been busy learning how to use the oven safely and we made some delicious sausage rolls! 🍴
We also enjoyed our International Day which was based on France! We counted to 10, learned some French colours and researched phrases to introduce ourselves.
Forest School has been really exciting, as we all lit fires and learned about fire safety 🔥
Finally, in Art we have experimented with positive and negative space using watercolour paints 🎨
The next few weeks are set to be even busier as we head towards Christmas, with lots of festive fun planned! 🎄👶

Cherry Class: Cherry class have had another fantastic week this week. We have explored a wide range of subjects and tried new things! In English we have been exploring poems, we have particularly enjoyed watching Micheal Rosen's 'No Breathing!' and we are glad no teachers at Tulip Academy are that strict! We have also begun to plan a very special Christmas poem which we can't wait to share with parents and carers in the coming weeks! In Maths we have been exploring multiplication and carried out some investigations to find factor pairs and then used place value knowledge to multiply and divide by 10, 100 and even 1000! In art, we are continuing to build on our knowledge of 'tone'. Last week we learnt about different ways to create tone and this week we put that knowledge into practice and completed several tasks to showcase this. In Science we have enjoyed practical lessons exploring electricity and creating circuits, we were all so engaged! And finally, we have been cosying up around the fire in Forest School enjoying toasted marshmallows. Some of us even got the chance to light the fire ourselves, under the watchful eye of the Cherry class team! We are all so excited for the lead up to the Christmas holidays and the exciting activities that come with that!
