# Class News: Friday 6th June 2025

**Maple Class:** This term Maple class have been looking at poetry within English, Maple have worked really hard and have created their own poems based on what they deem to be issues within society.

Brain rotting Social media

Spend hours Scrolling till 3am,
eyes go red can't find the end,
One more vid then maybe sleep,
nah, TikTok voice says "you're in too deep."

On Snapchat all the time,
waiting for people to reply,
trapped online, delulu mind,
reality? left behind!

They say get rizz, become the best,
but now i'm anxious, burnt out and depressed.
My brain said help, I said no cap,
now i'm in a skibidi trap.

Likes won't fix your mewing heart,
memes won't heal the sigma dark.
Break the loop, reclaim your mushy mind,
escape the rot that traps mankind.

Pupils have also taken part in workshops delivered by 'Prison me no way!' And 'Horizon' which give pupils information on the dangers of drug use. Maple have had an excellent term and engaged with all aspects of learning.

**Plums Class:** Plums class have had a fantastic time right at the start of Term Six by participating in our school Careers Day!

We have discovered lots of exciting and interesting information about Sainsbury's and their systems and products; from unpacking and stacking to dealing with security tags. The children and young adults enjoyed finding out about age limits, allergy information and they also had the opportunity to carry out a yummy taste test!

Many pupils decided that using the safety knife to open and unpack products would be their ideal job!

Plums then worked with World Wide Foods to prepare, produce and try their own delicious fruit smoothies.

Pets at Home visited too, the class explored some very noisy pet toys and food!

The class had a surprise as they went onto the playground to find a digger, loading truck and a range of road traffic signs and symbols.

Everyone took a turn to climb into the cab and, of course, try out the warning system and horn.

Despite the rain, they all had a great time and this proved to be their favourite activity of the day.
