## HAZEL CLASS NEWS

Hazel Class have had such a brilliant week, and we're all so proud of how well they've been getting on. The children have shown so much enthusiasm, kindness, and effort in everything they've done. It's been lovely to see them coming into school with big smiles, settling into their routines, and really showing what they can do. They've supported each other beautifully, kept trying even when things were tricky, and have been an absolute pleasure to work with.

In Humanities, the class have been learning all about Noah's Ark. They got really stuck into building their own arks, choosing materials, testing out ideas, and proudly showing off their creations. It was such a joy watching their imaginations come to life. In PE, they had a great time with tabletop cricket and showed brilliant teamwork and determination. Every single one of them gave it their best and should be really proud of themselves.

To top off the week, Hazel Class enjoyed a one-off Friday morning disco, which was full of dancing, laughing, and lots of energy. They've also started swimming, which has been a huge highlight—lots of excitement, growing confidence, and plenty of proud moments. It really has been a wonderful week in Hazel Class, and we can't wait to see what they achieve next.

# CHESTNUT CLASS VOCATIONAL NEWS

Our Post 16 Chestnut Class students have been exploring vocational skills in the creative arts, music, and media sectors. 🎨🎵🎥 They learned about a variety of roles and activities within these industries, focusing particularly on careers in television—both behind the camera and on screen.

As part of this project, students took on professional roles such as Camera Operator, Sound Engineer, Lighting Technician, Makeup Artist, Photographer, Interviewer, Director, and more. 🎬📷💡 Each student contributed ideas and worked collaboratively from start to finish, creating the setting, planning music, and organizing interviews.

To understand what it means to work in a TV channel, students launched their own mini-production called “Tulip Academy News.” 📰🎥 They invited school teachers and the deputy head for interviews, experiencing the excitement of “Lights, Camera, Action!”. Everyone took their responsibilities seriously and demonstrated excellent teamwork.

The enthusiasm doesn't stop there—students are already planning a Christmas Special with an exciting guest list. 🎄⭐ Stay tuned for more creative projects from our talented Chestnut Class team!

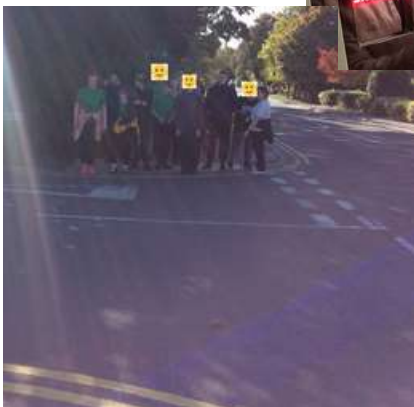

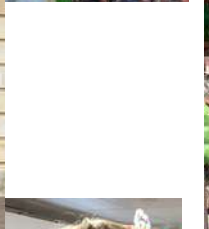

# CHESTNUT CLASS COMMUNITY NEWS

This term and last term, one of the biggest highlights for our students has been Community Access. If they had the choice, they would go out every single day! 🚶♂️🚶♀️🌟 There is always so much excitement and curiosity about where we are going next.

Our focus has been on visiting local town landmarks such as shops, the library, cafés, and parks. 🛍️📖🌳 During these outings, students are also developing important life skills, including road safety awareness 🚦, participating in group behaviours, and engaging with community members. These outings aren't just fun—they are helping students build confidence, independence, and essential social skills in real-world settings. We are thrilled to see their enthusiasm and progress! 🎉😊

# PEARS CLASS NEWS

It has been a term full of magic and mystery in Pears class. The children have enjoyed reading 'The Magic Crayon' with the children looking closely at the 'who' 'what' and 'where' of the characters in the story. The children worked hard on making their own magic wands in class using lots of different sparkly materials they were all very creative!

The Pears have also been experimenting with 'potions'. They all made their own exploding potions by carefully following instructions and loved observing potions to create rainbow rain clouds and our own larva lamps.

We even had time for a little tabletop cricket, which was a huge hit with all the Pears.
