PINEAPPLES CLASS NEWS

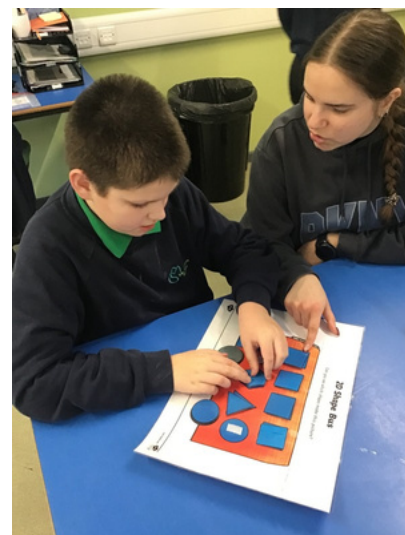

What an incredible start to 2026

This term we have an exciting topic 'at the circus'

Our story focus is 'the singing mermaid' we have explored activities linked to our story including money activities such as posting and matching because Sam Sly was a greedy money making man who tricked the mermaid into joining the circus. We have also explored the sounds, tastes and textures that we might experience at the circus during our Sensology session, and we have enjoyed the taste and smell of candy floss and toffee. During our explore and discover session we have focused on the wonderful story 'the greatest showman' to which the group have loved listening to the songs from the movie whilst investigating some key characters.

Our focus in Cognition this term is shape, we have enjoyed locating shapes in class and then matching them, some of us using some key vocabulary such as straight and curved edges.

Great work Pineapples class.

CLASS NEWS

ROWAN CLASS NEWS

This term, our class has been very busy and has enjoyed taking part in a wide range of learning activities across different subjects. In PE, we have been developing our physical skills by working on circuits, where we practised different exercises to build strength, coordination and stamina. Alongside this, we have also taken part in yoga sessions, which have helped us to improve our balance, flexibility and focus, as well as learning ways to relax and stay calm.

In Animal Care, we have been learning about the responsibility of looking after animals. We have explored what animals need to stay happy and healthy, including food, water, shelter and care. We have also discussed how to act safely and kindly around animals, understanding the importance of respect and gentle behaviour.

In Humanities, we have been learning about utensils from the past. We investigated how people used different tools in everyday life and compared them to the utensils we use today. This helped us to understand how life has changed over time and why these objects are important for learning about history.
