# CLASS NEWS

## APRICOTS CLASS NEWS

Welcome back Apricots! This term, our topic is Nature and the Natural world.

So far, we have enjoyed making marks with different animal footprints during our Play and Explore with Words sessions!

During creative play, we used recycling and craft materials to create rainforests, discussing the different animals that lived there and exploring the heat. We had a look at the different clothing items we might wear if we lived in a rainforest!

We have spent time outdoors, searching for bugs and butterflies and explored lots of water play.

Our story focus has been In The Garden and we focused on flowers, planting our own seeds to see if they grew.

We can't wait to have more fun throughout the term!

## SRUCE CLASS NEWS

Spruce class are enjoying their Community Engagement and have visited the Library, St. Mary & St Nicolas Church, Morrisons and Monkhouse Park. Where shall we go next?

In Maths we looked at shapes and collecting data and this term 5 we shall be consolidating our learning with revision sessions ready to sit a qualification.

In English we shall be continuing veloping writing for purpose and working on our reading skills.

Spruce Class pupils have given our new member of staff (Shane Palmer) a warm welcome and copied with the changes with maturity.

We look forward to some outings further afield now that the better weather is here!
