

CLASS NEWS

PINEAPPLES CLASS

This term we have been investigating the rainforest, we have explored the animals, the climate and the food that grows.

Pineapples were extremely lucky to gain a real life experience when Safari Pete paid us a visit.

CLASS NEWS

ELDER CLASS

Elder class have been busy so far this term! We started the term with a full class, up until our year 11s left us. They finished their time at Tulip academy with a week of activities. We started with Bowling and Ferry meadows, then on Tuesday we went to Hunstanton. On Wednesday we had a trip to Springfields to spend some money! Thursday was a BBQ in school, and their prom in the evening. Finished off with their leaver's assembly on the Friday. We had a great week, with lots of laughs and some tears. We wish all of our leavers the best of luck in their next steps!

Since the year 11's have left, our class has shrunk! But we have still worked hard. In English we are focusing on advertising and persuasive techniques that are used. We have done some collaborative work with other classes as well which has been fun. Year 10's have been very helpful and have maintained an excellent work ethic, even though a lot of the class have left. Keep going guys!
